Message from the Vice-Chancellor University of Kelaniya

It is with great pleasure that I pen this note for the 10th Anniversary of the Kelaniya University Alumni Association of Australia's (KUAA). I am pleased to see a calendar year full of activities that KUAA organising to bring closer ties amongst the Alumna of the University of Kelaniya living in Melbourne, Australia. It is no doubt that KUAA has created a pleasant home for those who were nurtured by the same university in a place where far away from Sri Lanka.

I am very much thankful for KUAA on initiating a disability under Graduates supporting fund as a part of yours 10th year celebrations. Every academic year, the university accepts a national quota of physically disabled but academically very capable fresh under graduates. As of 2017, Kelaniya University had a population of 49 disable students out of the total 9,913 students. I am sure this project would be a greater relief for those students who have mobility disabilities as the university buildings are located straddled on an elevated landscape within an area of 40 hectares making access a daily struggle on a regular wheelchair.

You may have attended the University several years ago; you may be now living thousand miles away from your home country. However, one fact remains unchanged that is you are part of the University of Kelaniya Alumni family. I feel proud of all of you and genuinely appreciate your great enthusiasm to give back something to your alma mater where you have started your great journeys.

On this special occasion let me wish you all the success and seek your dynamic participation to make University of Kelaniya one of the finest academic institutes in the world.

Professor D M Semasinghe
Vice-Chancellor
University of Kelaniya

Message from the President Kelaniya University Alumni Association Australia

Dear friends near and far, welcome!

It is a momentous day and a day that we can take pride in. Today we stand together and stronger as a group that forged a close bond as the caring community of KUAA. We are built on the strong foundations of friendships joyfully inherited by sharing a common bond.

Ten years back our pioneers formed KUAA in the form of a friendly outdoor gathering. The spirit of friendship and togetherness has been enormously uplifting. Together, we created a beautiful platform of solidarity, thousands of miles away from home, for us who made Australia home.

Along that path, we have made a notable contribution to the larger society. This year, your support has enabled us to contribute towards the setting up of a disability support scheme in the University of Kelaniya.

Looking back, it has been a journey rich with many beautiful moments; a journey of unity, love, friendship and achievements. Thank you for your untiring efforts to raise us to where we are today.

Let us rejoice our achievements and celebrate the gift of friendship and togetherness. I also would like to extend a warm welcome and a big thank you to our friends who came all the way from Sri Lanka, Canada, USA, Dubai, New Zealand and interstates.

Finally, let us remind ourselves the power of togetherness that keeps us stronger. Together we grow from one strength to another. I wish you all the very best!

Greetings from

Peradeniya, Colombo, Jayawardanapura and Moratuwa Alumni

Message from the President of Jayawardhanapura University Alumni – Australia

On behalf of Sri Jayawardhanapura University (Japura) Alumni – Australia, I congratulate Kelaniya University Alumni - Australia on its 10th Anniversary Celebrations. I believe over the last 10 years you have contributed in many ways to help the disadvantaged communities in Sri Lanka and the Sri Lanka community who lives here as well. On this 10th Anniversary of the Kelaniya Alumni Association, I wish the members all the best in continuing their services and I know they will conduct their community services with as much enthusiasm, in 2018, as they have in previous years. I look forward to seeing the wonderful work done by the Kelaniya Alumni Association for many years to come.

Dr Sarath Ukwatte (President)

Jayawardhanapura University Alumni – Australia

Message from the President of Peradeniya University Alumni – Australia

Peradeniya University Alumni Australia - Victoria Chapter (PUAAVIC) extends its warmest congratulations to KUAA on reaching its 10th Anniversary milestone. We are proud of our long-standing partnership, which includes the annual Australia day Family event over the last eight years. We look forward to ever closer partnership working in the future, building on the many successes we have shared over the past decade.

Dr. Sunil Ratnayake (President)

Peradeniya University Alumni Australia - Victoria Chapter (PUAAVIC)

Message from the President of Colombo University Alumni – Australia

It is my pleasure to congratulate all Kelaniya University Alumna living in Melbourne for your association's 10th Anniversary celebrations. I admire you for finding a very worthy cause to celebrate this memorable year. Helping the needy is always a passion of Sri Lankans living in anywhere in the world, I believe. We saw Kelaniya Alumni spread its wings over time from its inception. Like many of our Alumni associations, in 2008 you have started with a bunch of team oriented alumna living in Melbourne. As the most Sri Lankan sub cultured city out side of Sri Lanka - Melbourne nurtured your organisation with hundreds of members adding each year. We, as Colombo University Alumni, has a strong relationship with Kelaniya Alumni in Australia and wish to have this bond stronger than ever for many more years to come.

Anoja Vithanage (President)

Colombo University Alumni Association Victoria

Message from the President of Moratuwa University Alumni – Australia

On behalf of University of Moratuwa Alumni Association in Victoria, I would like to extend my best wishes on this 10th anniversary celebrations of University of Kelaniya Alumni Association Australia. I commend the dedication of the committees and the members of KUAA over the past years in volunteering to give up their busy schedules to give something back to their motherland and the university. Every year KUAA committee has managed to raise the bar by extending their charity work by taking on bigger projects. This year has been no exception. As we all know, the support framework available for disabled children and students in Sri Lanka is far inferior than what we see in Australia. I sincerely hope that KUAA's project this year will greatly contribute towards improving the welfare of disable students studying at University of Kelaniya. I wish everyone an enjoyable night!

Desmond Fernando (President)

People come to Australia from all walks of skills. In order to assist them in securing an employment they love, KUAA organised a free seminar to listen to the experts on career development and finding employment. It was held at Monash University Auditorium Berwick and our panel of experts were from various spheres such as Human Resource, Resume Writing and Industry experts. The main aim is to assist our own graduates who seek jobs. Following topics were covered.

- The Australian job market and workplace culture
- Writing Australian style resumes and cover letters
- Understanding job advertisements, applying for a job, interview skills including preparation, practice and feedback

AUSTRALIA DAY CELEBRATIONS

26 Jan 2017
Rowville
Cricket Club

This year for Australia Day my family and I went and participated in the annual cricket match against Kelaniya University and Peradeniya University.

Whenever we attend this event it is always good fun. With all of our friends and family getting together and enjoying the fun while being in the sun. At this event this year there was fun activities for the children to get involved and participate in, such as the jumping castle, face painting and the baton race that many kids enjoyed and there was Sri Lankan music played throughout.

There was also a delicious barbeque prepared by the KUAA members. After lunch was served there was a presentation of the awards to both teams.

Overall the Cricket Match was a great success, we all enjoyed it and cannot wait for next year.
