MESSAGES

VICE CHANCELLOR

UNIVERSITY OF KELANIYA, SRI LANKA

It is with considerable pleasure that I extend my warmest greetings and sincere, best wishes to the Kelaniya University Alumni Association Australia (KUAA Australia) on the occasion of the KUAA Dance of Hearts 2026, to be held on 17 October 2026 in Melbourne, Australia.

The University of Kelaniya takes profound pride in its alumni, who continue to uphold and disseminate the values, knowledge, and intellectual spirit of their alma mater throughout the world. Alumni associations perform an essential function in sustaining this enduring relationship by establishing platforms that enable graduates to maintain meaningful connections with the University, to cultivate professional and personal networks, and to contribute substantively to the advancement of society.

In my view, such occasions not only afford the opportunity to renew longstanding friendships and shared memories but also reinforce a collective sense of belonging to a broader academic community whose bonds transcend geographical boundaries.

I commend the Kelaniya University Alumni Association Australia for its sustained commitment to fostering a cohesive and vibrant alumni community in Australia. The dedication of our alumni to preserving their association with the University and to promoting its heritage and values is deeply appreciated.

I am confident that the KUAA Dance of Hearts 2026 will constitute a memorable occasion and a meaningful celebration of the enduring relationship between the University of Kelaniya and its alumni in Australia. I extend my best wishes to the Association, its members, and all participants for every success in this endeavour, and I look forward to the continued growth and strengthening of KUAA Australia in the years ahead.

PROFESSOR NARADA FERNANDO

VICE CHANCELLOR

UNIVERSITY OF KELANIYA, SRI LANKA

It gives me great pride and joy to welcome you all to the 18th Anniversary Dinner Dance of the Kelaniya University Alumni Association Australia — "Dance of Hearts." Tonight is a wonderful opportunity to celebrate 18 years of KUAA and, more importantly, the friendships, connections and sense of community that have brought us together throughout this journey.

Community holds a special place in our lives, particularly for those of us who have made Australia our home while continuing to cherish the values, friendships and traditions that connect us to our roots. Over the years, KUAA has grown into a community where members support one another, celebrate together and come together when help is needed. More than an alumni association, KUAA has become a family, bringing people together through shared experiences, friendships and a strong sense of belonging. It is this spirit of unity, compassion and family that continues to make our association so meaningful.

The devastating impact of Cyclone Ditwah in Sri Lanka was a powerful reminder of the importance of community and collective action. In response, KUAA came together to support flood relief efforts, with funds raised through the 2025 Spring Breeze Dinner Dance raffle, sausage sizzle and GoFundMe campaign. I am deeply grateful to everyone who helped raise money and contributed to these efforts. Being able to support Sri Lanka, a country that remains a home to so many of us, during a time of such devastation was a privilege and a true reflection of the values of our KUAA family.

PRESIDENT

KELANIYA UNIVERSITY ALUMNI ASSOCIATION AUSTRALIA

As we celebrate this milestone, I would like to sincerely acknowledge and thank all our past Presidents, leaders and committee members whose dedication, time and commitment laid the foundations upon which KUAA stands today. Their contributions have shaped our association and created a strong legacy for future generations.

Looking towards the future, we are also proud to initiate the KUAA Gold Medal Award, which has received approval from the University Senate and Council. Beginning with the 2026 graduating cohort, this award will recognise the most outstanding students completing their studies at the University. Alongside this, our Lifelong Award Program will continue through each convocation, allowing KUAA to maintain a meaningful presence in recognising and celebrating the achievements of graduates and representing our association and its values for years to come.

I extend my heartfelt thanks to our current committee members for their tireless efforts, teamwork and support in bringing tonight's celebration to life. Your commitment has helped KUAA continue to grow and serve our community.

As we look towards the future, I wish the incoming committee every success as they take KUAA forward. May they build upon the strong foundation created by those before them, continue to strengthen our community, and create many more meaningful opportunities and memories together.

Finally, thank you to each and every one of you for joining us tonight and making "Dance of Hearts" a celebration to remember. May this evening be filled with joy, friendship and beautiful moments shared together.

With warmest wishes and heartfelt thanks,

HAREENDRA NILAWEERA
PRESIDENT
KELANIYA UNIVERSITY ALUMNI ASSOCIATION AUSTRALIA

KUAA GOLD MEDAL INITIATIVE

Recognising Academic Excellence and Giving Back to the University of Kelaniya

Celebrating Outstanding Achievement

The Kelaniya University Alumni Association Australia (KUAA) is proud to support an initiative that celebrates academic excellence at the University of Kelaniya, Sri Lanka. The Gold Medal Initiative offers alumni an opportunity to express gratitude to their alma mater while encouraging the next generation of graduates to pursue knowledge, achievement and service to society.

Approved by the University Council at its 552nd meeting on 8 September 2026, the programme aims to recognise the most outstanding student in each faculty. The awards are expected to commence at the University's forthcoming General Convocation. Each Gold Medal will honour the dedication, perseverance and discipline behind exceptional academic achievement and inspire other students to strive for their best.

Giving Back and Expanding Opportunity

For many alumni, the University of Kelaniya has helped shape their academic, professional and personal journeys. This initiative is a practical expression of KUAA's commitment to giving back and maintaining a strong connection between the University and its alumni in Australia.

Alongside the Gold Medal programme, KUAA is exploring a proposed scholarship initiative to assist students experiencing financial hardship. Together, the two initiatives would support both excellence and opportunity: recognising outstanding performance while helping reduce financial barriers to education.

A Sustainable Commitment

The proposed funding plan for the Gold Medal program includes establishing a fixed deposit of Rs. 1,000,000.00. Responsible financial management, transparent reporting, and continued engagement from alumni and supporters will be essential to ensuring the program's long-term sustainability.

Investing in the Future

The KUAA Gold Medal Initiative is more than an award: it is a lasting expression of appreciation for the University of Kelaniya and confidence in the potential of its students. KUAA hopes the initiative will grow into a valued tradition that celebrates achievement, inspires future graduates and encourages alumni to contribute to their alma mater.

Honouring achievement. Giving back. Inspiring the future.

KUAA'S NEW WEBSITE

A DIGITAL HOME FOR OUR ALUMNI

Connecting Our Alumni Community

The Kelaniya University Alumni Association Australia (KUAA) has taken an important step forward with the launch of its new website, www.kuaa.com.au. The new platform is more than simply an online presence - it is designed to become a central digital home for University of Kelaniya alumni in Australia, connecting our community, promoting our activities, preserving our memories and strengthening our relationship with our alma mater.

The new website provides a single platform where alumni, members, families and friends can learn about KUAA, its objectives, activities and community initiatives. It reflects the Association's commitment to creating a strong and connected alumni community across Australia.

The website is built around the values of Connect, Support, Enjoy and Belong. These values represent KUAA's commitment to building friendships, supporting fellow alumni, maintaining links with the University of Kelaniya and creating opportunities for social, cultural and community engagement.

Celebrating Our Events

Events are an important part of KUAA's activities, bringing alumni and their families together to reconnect, celebrate and create new memories.

The new website provides a dedicated Events section featuring upcoming activities as well as a growing archive of past events. Major activities can have dedicated event pages containing important information, announcements, photographs and other resources. This provides a convenient and reliable way for members to stay informed while also creating a valuable historical record of KUAA activities.

Preserving Our Memories

One of the most valuable long-term purposes of the new website is to preserve the history and memories of our alumni community.

Photographs, event records, publications and other historical material represent the journey of KUAA and the contributions of generations of alumni. Bringing these resources together digitally allows our community to preserve its heritage and gives future generations an opportunity to discover and appreciate the history of KUAA in Australia.

The website can gradually develop into a comprehensive digital archive, ensuring that important memories and milestones are not lost.

Supporting the University of Kelaniya

KUAA's relationship with the University of Kelaniya remains at the heart of the Association. The new website provides a platform to highlight the Association's initiatives, achievements and contributions to the University and its wider community.

Through the website, KUAA can communicate its educational, charitable, community and alumni initiatives more effectively and demonstrate how alumni in Australia continue to contribute to the development and wellbeing of their alma mater.

Building for the Future

The new website provides a strong foundation for the future development of KUAA. As the Association grows, the platform can be expanded with additional member services, alumni networking opportunities, newsletters, publications, event archives and secure members-only resources.

The success of the website will depend on the involvement of our alumni. Members are encouraged to share their achievements, professional milestones, community activities, photographs, memories and stories so that the website can truly represent the diversity and achievements of our alumni community.

Our Digital Home

The launch of the new KUAA website is an important milestone in the Association's continuing journey. It brings together our past, present and future in one digital space.

From the friendships created at the University of Kelaniya to the connections developed across Australia, our alumni story continues to grow.

KUAA's new website is more than a website. It is a digital home for our alumni community - a place to connect, remember, support, celebrate and give back.
